Increasing death benefit option can allow your client to grow their policy death benefit beyond the original face amount—a valuable opportunity, especially when combined with streamlined AU+.

"Agile Underwriting+" or "AU+" as described in this email, refers to a streamlined underwriting process that provides a path to policy approval that may not require an in-person paramedical examination.

1. Our underwriting team renders a decision based on the submitted applications, declarations of Part A and B, supplementary forms, and results of various database searches. Note that Table A and B are included in the standard rate class. Post-issue reviews will be completed by our Underwriting team and any lack of material disclosure may result in policy rescission.
