## Insurance that's available when you need it most

We all want to confidently pursue our dreams and experience life to the fullest. We hope each stage of our life journey goes exactly as we envisioned it. However, our smooth journey can sometimes be disrupted due to unforeseen and unavoidable events. Some of the worst disruptions to a person's life are major health events. Between the cost of care and the potential lost income, chronic, critical, and terminal illnesses can have a detrimental financial impact on quality of life at any stage.

Quality of Life...Insurance<sup>®</sup> products include built-in, no-cost living benefits to help you maintain your quality of life during such events. The **QoL<sup>®</sup> SelectChoice II Accelerated Benefit Riders** allow you to accelerate a portion of your contractual death benefit while you're still living and they **guarantee a minimum benefit** for qualifying chronic, critical and terminal illnesses or conditions. The guaranteed minimums are a percentage of the policy's death benefit and are based on the issue age and policy duration at the time of the claim. They also provide an **accelerated lifetime maximum benefit up to \$2,000,000**.
